Carla loves to color. It is one of her favorite things to do. She would color all day long if she could. When it was almost time to start kindergarten, Carla got a brand new box of crayons. She took the new crayon box to her room. There were so many colors! She found one of her coloring books, and opened the new box of crayons for the first time.

Carla took out the red crayon. The tips of the new crayons were more pointed than her old ones. They made nice thin lines. Carla started to color. She colored and colored with the new red crayon. Soon Carla noticed that the tip of the new red crayon was starting to wear down.

Carla looked at the new crayons. She looked at her old crayons in their old yellow box. Then she put the red crayon back in the new box. She decided she would save her new crayons for school.
